# 4-H COUNTRY HAM PROJECT FOR 2024

Plans are underway to start the 4-H country Ham project 2024. A contract must be signed and submitted to the Extension Office by the deadline sometime in early December. There is also a small fee attached to this project. For 2024 the fee is \$70. The curing process takes place in January, typically on Martin Luther King holiday when the school is off and runs through the Kentucky State Fair in August. All activities and supplies are provided by the Extension Office. The participant will salt cure two green hams in January and write and give a 3-5 minute speech on an assigned topic pertaining to country hams. This project will involve approximately 6 meetings. If the participant does not complete the project, the two country hams are forfeited and returned to UK. The two competitions are the county fair and state fair. We expect the contracts to be out in mid-November.
